ORDER No. D. 43-102—I. & C. 353-38-1, DATED CAMP MYSORE, THE 6TH JUNE 1939.

The Chairman of the Board of Management, Mysore Iron and Steel Works, has also been appointed Chairman and Managing Director of the Mysore Paper Mills, Ltd. In addition, he is entrusted with the control of the Government Porcelain Factory and Government Electric Factory. Since then he has been appointed Chairman of the Mysore Chemicals and Fertilisers, the Krishnarajendra Mills and the Advisory Board of the Pharmaceutical Section of the Industrial and Testing Laboratory. In July 1937, the Office of the Director of Sandalwood Oil Factory was separated from that of the Director of Industries and Commerce, in order to enable the latter officer to devote sufficient attention to the development of Rural and Cottage Industries.

2. At present, the management and control of the several industrial undertakings belonging to or aided by Government with the exception of the Mysore Sugar Company, the Vegetable Oil Products and the Spun Silk Mills is divided among these three officers. During the last two or three years, there has been progress in several directions and new developments have taken place in connection with the industrial undertakings in the State. The more important of these are—

(1) With the development of the Steel Plant and with the establishment of a Cement Factory at Bhadravati, the value of the output of the Mysore Iron and Steel Works has increased to over Rs. 40 lakhs per annum.

(2) The erection of the Paper Mills at Bhadravati has been completed and operations have commenced.

(3) A scheme for the installation of an Electric Kiln in the Government Porcelain Factory has been sanctioned at a cost of over Rs. 5 lakhs with a view to increasing the output and improving the quality and widening the range of products manufatured in the Factory.

(4) In connection with the Government Electric Factory, additional capital has been invested for increasing the output of bakelite articles, for manufacturing machines and machine parts, water and electric meters and other appliances.

(5) The machinery and equipment required for the manufacture of chemicals at Belagola have been received and are under erection. It is expected that operations will commence in November next.

(6) Steps have been taken to establish a Coffee Curing Works at Chikmagalur and Glass Factory at Bangalore.

(7) Negotiations are in progress for resuscitating the Match Factory at Shimoga and the Mysore Tannery at Bangalore.

(8) A scheme for the manufacture of edge tools and agricultural implements at Hassan has been recently sanctioned.

(9) To ensure satisfactory progress in some undertakings in which Government have no powers of control, it may become necessary for Government to assume a certain measure of control and guidance.

(10) The development of minor and cottage industries is assuming greater importance and a large sum (Rs. 30,000) has been provided for this purpose in the budget for the current year.

3. The administrative arrangements required for the management of the various industrial concerns have been reviewed in the light of the above developments and Government have come to the conclusion that it is necessary to appoint another officer for the management of some of the large industrial concerns, and they are accordingly pleased to direct that the Chairman, Mysore Iron and Steel Works, may be in charge of the following concerns :—

(1) The Mysore Iron and Steel Works.
(2) The Cement Factory.
(3) The Paper Mills.
(4) The Mysore Implements Factory at Hassan.
(5) The Mysore Match Manufacturing Company at Shimoga (when reorganised).

His headquarters will be at Bhadravati.

4. Another officer to be styled, "Government Director, Industrial concerns" will be in direct charge of—

(1) the Government Electric Factory,
(2) the Government Porcelain Factory,

and be the Chairman of the Board of Management of—

(3) the Mysore Chemicals and Fertilisers, Ltd.,
(4) the Krishnarajendra Mills,
(5) the Coffee Curing Works, Chikmagalur, and
(6) the Industrial and Testing Laboratory.

He will also be appointed a Government Director of the Mysore Stoneware Pipes and Potteries, Ltd. His headquarters will be at Bangalore.

5. The revised arrangements will come into force from 1st July 1939 and separate orders will issue about the appointments of the officers, their salaries and allocation of the expenditure to the various concerns under their charge.
